FULL STACK DEVELOPER

Full Stack Developer with experience building fast, scalable web platforms and end-to-end e-commerce applications. Skilled in both front-end and back-end engineering, with a focus on turning complex business workflows into smooth, reliable user experiences. Currently expanding expertise in Artificial Intelligence to create smarter, data-driven software solutions.

STRENGTHS AND EXPERTISE

- **Front-End:** Vue.js (Vue 3, Composition API), React.js, TypeScript, JavaScript (ES6+), HTML5, CSS3
 - **Back-End:** Node.js, Express, Laravel, .NET, Python
 - **Database & APIs:** MySQL, PostgreSQL, MongoDB, RESTful APIs, GraphQL
 - **Tools & DevOps:** Git, Webpack, npm, Firebase, Swagger, CAST Imaging
 - **Testing:** Jest
-

PROFESSIONAL EXPERIENCE

PT Meratus Line

April 2024 - Present

Full Stack Web Developer

- **Built an all-in-one e-commerce platform** that successfully integrated the entire **end-to-end business process** into one seamless system.
- **Developed a fast, modern front-end using Vue 3 and TypeScript**, connected to a reliable .NET backend to handle heavy daily transactions smoothly.
- **Greatly improved the user experience** by optimizing complex multi-step forms and large data tables, **making pages load 40% faster**.
- **Worked closely with operational teams** to turn slow, manual logistics tasks into automated software features, **cutting processing times in half**.
- **Performed testing and debugging** to ensure the application is stable and works as expected.

PT Mostrans Global Digilog (Kalbe Group)

August 2022 - March 2024

Full Stack Web Developer

- **Developed a logistics marketplace and web apps** using **React.js and Node.js**, making daily business and shipping operations significantly smoother.
- **Coordinated project tasks** by reviewing requirements and assigning work to ensure features were always **delivered on schedule**.
- **Built a shipper portal** that simplified order placement and tracking, **cutting order submission time by 50%** for clients.
- **Optimized the transporter portal** to manage incoming orders, trips, and deliveries more effectively.
- **Created the admin portal** for centralized order and trip oversight, integrating invoicing and payment tools, **reducing manual paperwork by over 40%**.

PT Mostrans Global Digilog (Kalbe Group)
Full Stack Web Developer Intern

June 2022 - July 2022

- **Developed a digital career platform** using **React.js** and **Node.js**, providing a digital platform for job seekers and streamlining HR recruitment processes.
- **Implemented core hiring features** including job listings, application submissions, and document uploads, making candidate processing **30% faster**.
- **Automated candidate-HR communication** by building automated workflows for interview notifications and result announcements.

PT Bank Pembangunan Daerah (BPD) Sultra
Full Stack Web Developer Intern

June 2021 - August 2021

- **Developed an attendance and leave management app** using **Laravel** and **Vue.js** to support remote work operations.
- **Streamlined the leave request and approval workflow**, making the process **50% faster** for both employees and HR managers.

Assistan Lecturer
Assistan Lecturer Of Mathematics & Statistics

February 2021 - February 2022

- **Instructed undergraduate students** on complex computational logic, statistics, and discrete mathematics formulas.
- **Mentored large student cohorts**, breaking down abstract theoretical concepts into simple, practical terms to **improve overall class comprehension**.

EDUCATION

Atma Jaya Yogyakarta University
Bachelor Degree in Computer Science

Yogyakarta, Indonesia
2018 - 2022

- Graduated with **cum laude** honors.
- Achieved a GPA of 3.80/4.00.
- Achieved 2nd place in the national marching band competition.

SMA Negeri 4 Kendari
High School Diploma in Mathematics and Natural Sciences

Kendari, Indonesia
2015 - 2018

- Achieved the second-place ranking as the runner-up in the class each year throughout high school.
- Awarded the title of Tourism Ambassador for the city of Kendari.

CERTIFICATES

- Test Driven Development (TDD) for .NET by Microsoft Official Course (2024)
- CAST Highlight Foundation (2025)
- Security Dashboard CAST Imaging (2025)
- Engineering Dashboard CAST Imaging (2025)
